RE: Amendments on Vaccination Requirements, Social Gathering Restrictions and Sports Events Relative to Executive Orders 2021-20, 2021-29, and 2021-31

The purpose of this document is to amend vaccination requirements and limitations on social gatherings and congregations, in accordance with Executive Orders No. 2021-20, 2021-29, and 2021-31 during the current Pandemic Condition of Readiness 3 (PCOR 3), which was declared by Executive Order No. 2021-16 on July 21, 2021.

This guidance document (the "Memorandum") rescinds Department of Public Health and Social Services ("DPHSS") Guidance Memorandum 2022-05 and 2022-06 and supersedes all previous DPHSS guidance documents that are in effect, in whole or in part, including DPHSS Guidance Memorandum 2021-18 which contradict or conflict with Executive Orders No. 2021-20, 2021-29, and 2021-31 and this document. DPHSS issues this guidance pursuant to *Islan Guåhan* Emergency Health Powers Act, in particular, 10 GCA § 19601, which provides that DPHSS shall use every available means to prevent the transmission of infectious disease and to ensure that all cases of contagious disease are subject to proper control and treatment.

This Memorandum provides minimum requirements that Covered Establishments must comply with in order to operate. Covered Establishments may implement stricter policies, including but not limited to vaccination requirements, physical barriers, social distancing, and limited occupancy, subject to local and federal law. This information is not intended to serve as legal advice and should not be construed as legal advice. Covered Establishments should seek the advice of an attorney with regard to adoption of vaccination policies.

All businesses are strongly encouraged to allow teleworking when practicable.

This memorandum is effective 8:00 am, December 18, 2021.
