### **Special Weather Statement**

The National Weather Service (NWS), Weather Forecast Office Guam issued a Special Weather Statement for the possibility of heavy showers and brief gusty winds across the Marianas this weekend.

Wind gusts could reach up to 25 mph, primarily near heavier showers. Locally heavy rainfall could result in ponding of water on roadways and localized flooding. Gusty winds could blow around loose and unsecured objects.

The Offices of Guam Homeland Security and Civil Defense (GHS/OCD) remind the community to strongly secure tents and tarps for outdoor activities, and to keep up to date with weather forecasts from the National Weather Service as conditions evolve.
